Buile Hill Academy SEND Report September 2021

<p>1 The kinds of Special Educational Needs for which provision is made at the school</p>	<p><i>What kinds of SEND do pupils have in your school?</i></p>	<p>A child or young person aged from 0 to 25 years has special educational needs or disability (SEND) if they:</p> <ul style="list-style-type: none"> • have a learning difficulty or disability which makes it much harder for them to learn than other pupils of the same age • they require special educational provision to be made for them <p>SEN is a legal term. A detailed description can be found in the SEND Code of Practice (SEN on page 15 and disability on page 16). Or you can read the easy-read version of the SEND Code of Practice</p> <p>Students at Buile Hill Academy may have been identified with a range of difficulties including: Communication and Interaction; Cognition and Learning; Social, Emotional and Mental Health difficulties; and Sensory or Physical difficulties</p> <p>We have a Key Stage 3 Enhanced Resourced Provision for 12 Key stage 3 pupils identified with SEMH needs.</p>
<p>2 Information, in relation to mainstream schools about the school's policies for the identification and assessment of pupils with special educational needs</p>	<p><i>How do you know if my child needs extra help?</i></p>	<p>When your child first joins Buile Hill Academy, we use information from a range of sources to help identify SEND and other needs. These include information from parents/carers; primary school teachers; end of key stage 2 assessments; base line testing; Cognitive Ability Tests (CAT Tests); literacy and numeracy tests; application form information; subject teachers; specialist colleagues and external agencies.</p> <p>Our class teachers, Head of Subject and Faculties and Heads of Year closely monitor the progress and attainment of all students, including those who have or may have SEND. The continuous monitoring of students during their time at Buile Hill Academy will further identify pupils with a special educational need. This identification may come from tutors, subject teachers, support staff, Head of Year, outside agencies, parents/careers or the pupils themselves.</p> <p>If your child needs to be assessed, we will use a range of assessments depending on the area of need. If it is thought a family needs support, we have good working relationships with outside agencies and a referral can be made to them.</p> <p>We follow a staged and graduated approach to identifying and assessing needs, using the 'Assess, Plan, Do, Review' model. The triggers for intervention could be the teacher, support staff or others' concern, underpinned by evidence, about a pupil who, despite receiving differentiated learning opportunities, does not make expected progress.</p>

		All students identified as SEND are on the Inclusion Register and are accessible to all staff on Edukey Provision Map. Staff use this information to inform their lesson planning, teaching and student learning activities. Targeted interventions are planned and delivered where appropriate. This may include small group or individual work across a broad range of activities.
3a. How the school evaluates the effectiveness of its provision for such pupils	<i>How will I know that my child is making progress?</i>	<p>All students, including those with SEND, are assessed on a regular basis, in accordance with Buile Hill Academy's assessment and reporting schedule.</p> <p>Teachers formally assess and review progress and attainment 3 times a year which is communicated to parents/carers by a report that is sent home and made available on the parent portal. Additionally, parents' evenings are held once a year when there is an opportunity to discuss progress, attainment and next steps.</p> <p>All students with an Education, Health & Care Plan have an Annual Review.</p>
	<i>How do you evaluate progress?</i>	Buile Hill Academy has a Quality Assurance process that assesses the effectiveness of Teaching and Learning for all students, including those with SEND and the outcomes of these evaluations are used to create and implement development plans for all aspects of school life. These are regularly reviewed through regular evaluation. Additionally, progress and attainment data is analysed for effectiveness and value for money.
3b. The School's arrangements for assessing and reviewing the progress of pupils with special educational needs	<i>How do you check and review the progress of my child and how will I be involved?</i>	<p>The school will send home 3 reports each year which will show your child's current and target levels as well as reporting on the 'attitude to learning'. Heads of Faculties, Heads of Year and LSC staff will monitor and review your child's levels and pick up on any subjects where your child is not making the right amount of progress. We will then put an intervention in place. At the next reporting time we will check whether the right progress has been made. We give reports to the governors who check and review the work of all faculties, including Inclusion.</p> <p>We welcome the involvement of parents/carers and want to keep you up to date and involved with your child's progress. We do this through parents' evenings; notes in planners; email; telephone calls; appointments with individual teachers; Annual Reviews (Education, Health & Care Plans)</p> <p>The school provides information for parents through; information on the website; Open Evenings; Information, Advice and Guidance Evenings (IAGs); Parents' evenings and letters home. Curriculum Plans are published on the school website for parents to access.</p>
3c. The school's approach to teaching pupils with special educational needs	<i>How do teachers help pupils with SEND?</i>	<p>Our teachers have high expectations for all students, including those with SEND. All teachers will be told about your child's individual needs and will adapt their lessons to meet these requirements. Teachers have experience and/or are trained in doing this. This may involve using different strategies, more practical/adaption of resources and activities. This means your child can access the lessons fully.</p> <p>Within school there are a variety of staff roles to help us fully support your child. Where it is felt it is the right thing to do a student may be offered additional help and support, in which case you would be informed. There are a range of interventions and additional subject support which are available and should your child need this, it would be discussed with you.</p> <p>When your child is approaching the start of Key Stage 4, if we think it is needed, we will assess and apply for exam Access Arrangements according to the Joint Council for Qualifications exam regulations.</p>
3d. How the school adapts the curriculum and learning environment for pupils with special educational needs	<i>How will the curriculum be matched to my child's needs?</i>	Most of our students follow a traditional curriculum, however a small number of learners have a more personalised curriculum to match their individual needs, interests and abilities. This may include option choices;

		<p>additional literacy and/or numeracy; nurture groups; intervention groups and the number of qualifications studied.</p> <p>Our school is a safe and accessible building, and we do our best to make it welcoming to the whole community.</p>
	<i>How accessible is the school environment?</i>	<p>All safeguarding procedures and risk assessments are in place and adhered to by all staff. We have a range of different facilities to help SEND students throughout our school including a number of lifts to access areas; accessible toilets; ramps; and equipment to help with reading and writing.</p> <p>An Accessibility Plan is in place and available from our school website</p>
3e. Additional support for learning that is available to pupils with special educational needs	<p><i>Is there additional support available to help pupils with SEND with their learning?</i></p> <p><i>How are the school's resources allocated and matched to children's special educational needs?</i></p> <p><i>How is the decision made about how much/what support my child will receive?</i></p>	<p>We have a wide range of staff to support pupils and address additional needs they may have, including pupils with SEND. This includes Learning Development teachers, Learning Support Assistants and Learning Mentors.</p> <p>Resources are allocated based on evidence of need and effectiveness. Students with an EHCP have resources allocated as outlined in their statement or plan. Learning Support Assistants are allocated, where resources allow, to support students in lessons. Staff liaise closely with them to ensure maximum effectiveness. They have a huge range of skills to offer in supporting students directly and indirectly, assisting staff and helping parents/carers.</p> <p>Students with EHCPs will have targets and strategies set by the Head of Year and class teachers. Annual reviews involving the student, parents/carers, subject staff and other professionals evaluate those targets and strategies. The decision is based on evidence of need and impact.</p>
3f. How the school enables pupils with special educational needs to engage in the activities of the school (including physical activities) together with children who do not have special educational needs	<p><i>What social, before and after school, and other activities are available for pupils with SEND?</i></p> <p><i>How can my child and I find out about these activities?</i></p> <p><i>How will my child be included in activities outside the classroom, including school trips?</i></p>	<p>A large range of academic and hobby/interest clubs are available at Buile Hill Academy. These are open to all students, including students with SEND.</p> <p>The Extra-curricular timetable is available on the school website. Regular updates are made in form time.</p> <p>All pupils in school are encouraged to take part in extra-curricular at lunchtime and afterschool. Day and residential trips are open to all pupils and your child's specific needs can be discussed if they wish to join such a trip.</p>
emotional, mental and social development of pupils with special educational needs	<i>What support will there be for well-being?</i>	<p>One way we support our students is by assigning them to a form tutor who will (in most cases) remain with them as they progress up the school. This provides continuity and builds a strong relationship between tutor and students.</p> <p>There are additional members of staff who can provide pastoral support, these include: School Counsellor; Teaching Assistants; Heads of Year; Designated Child Protection Officer and Deputy. We also have excellent relationships with several external agencies for example, CAMHS; Educational Psychologist; RESPECT; and Princes Trust, 42nd Street.</p>
